<p>How does this year deliver your curriculum intent?</p>	<p>Theme 3 and Theme 4 equip our students with the skills and knowledge, building on Y12 content, to make critical, effective business decisions and apply this to a vast range of business scenarios, ranging from SMEs to MNCs. Each topic will encourage students to make informed choices about a wide range of further learning opportunities and career pathways as well as developing life skills that enable them to become financially and commercially aware. This year continues to allow students to make an informed approach that will help them to evaluate choices and decisions about their own future working lives.</p>
