| How does this year deliver your curriculum intent?	In Year 10, students will complete **Unit 2: ICT in Context**, which is the controlled assessment section of the WJEC ICT course and is **worth 60%** o grade. The controlled assessment is based around a business and is made up of **four sections**, which are all covered during the Key Stage 3 students the opportunity to further develop these skills. The <u>first half term</u> looks at developing a logo, using the **graphics software**, Photoshop. students create a database, using the **database software**, Access. In <u>half term 3</u>, students create an automated letter, using **word processin** <u>term 4 and 5</u>, students create a spreadsheet solution, using **spreadsheet software**, Excel. Students are able to enhance their skills in creating the process used in most modern organisations, making them highly employable in a digitally led workplace. The year finishes with Unit 1 topics being covered in preparation for Year 11 and the final examination.
